WHAT IS THE WEATHER DOING TODAY

Here we are together ready to play
Let's see what the weather is doing today
Can we play outside or must we stay in
Let's look out the window before we begin

Is it sunny?
Is it Cloudy?
Is it Rainy?
Is it Windy?
Is it Snowy?
Is it Hot ?
Is it Cold?

Now we know where we can play
We know what the weather is doing today
Yay !

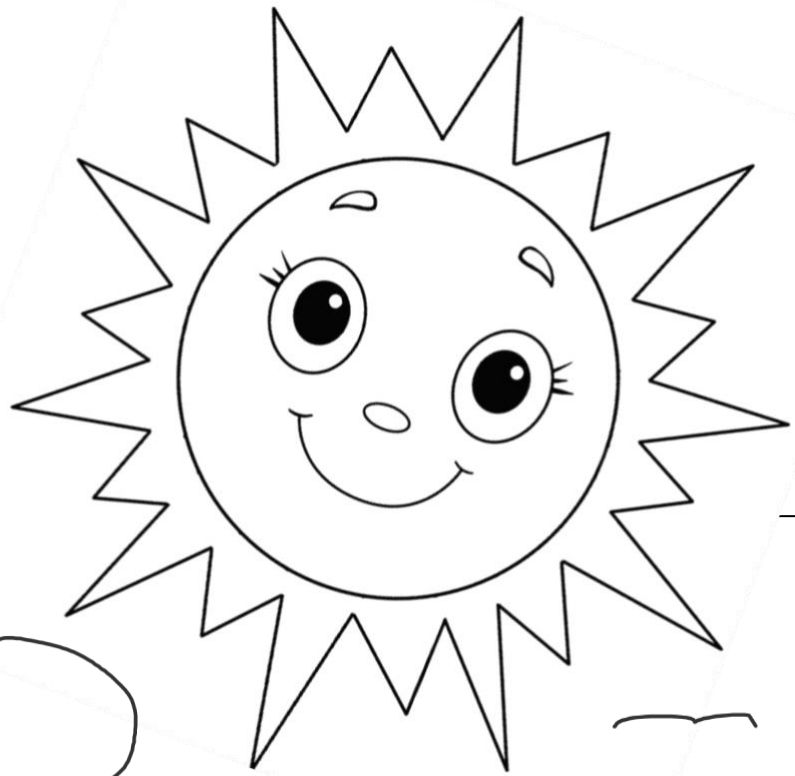

THE SUN

The sun is a star and it's hot, hot, hot
Its plasma burns a lot, lot, lot
But it gives so much energy to you and me

The sun is 93 million miles away from me
The sun is 93 million miles away from me

And even though it's far away
It gives us light every day.

The sun is 93 million miles away from me
The sun is 93 million miles away from me

PEEK A BOO

Here are my eyes
They're looking at you
My eyes are looking at you
Till I hide them away, I'll hide them away
Till they're ready to come out and say
Peek-a Boo

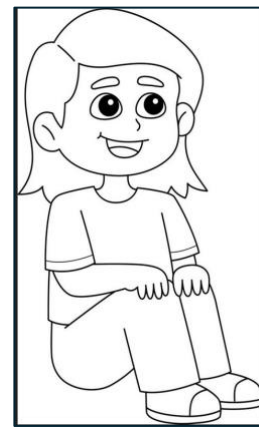

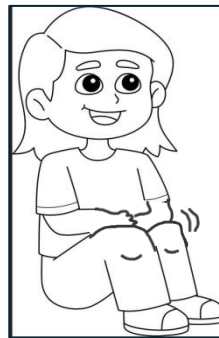

Here are my ears
They're listening to you
My ears are listening to you
Till I hide them away, I'll hide them away
Till they're ready to come out and say
Peek-a Boo

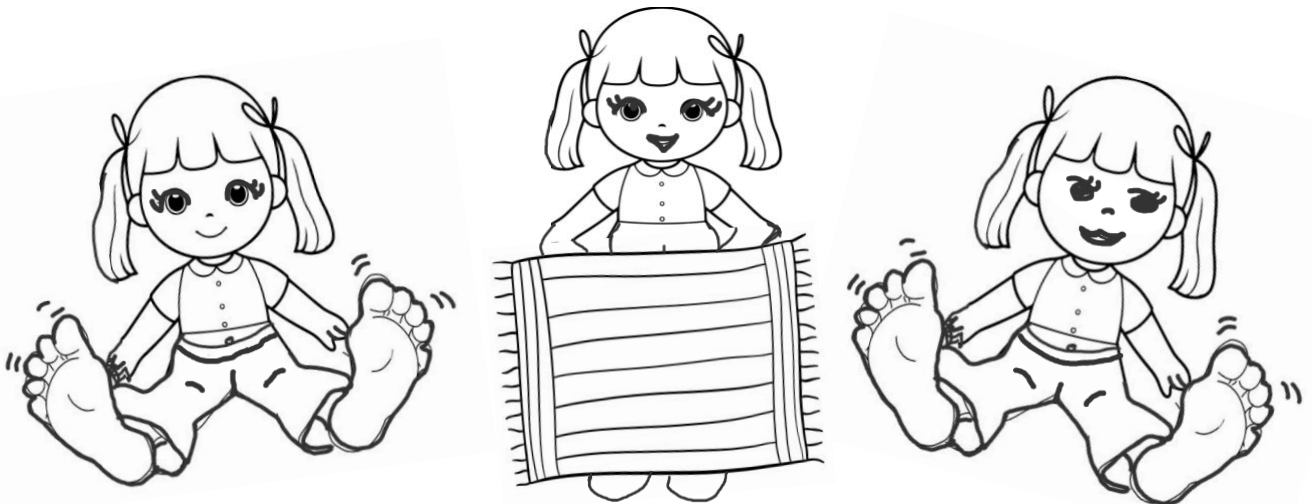

Here are my hands
They're **waving** at you
My hands are waving at you
Till I hide them away, I'll hide them away
Till they're ready to come out and say
Peek-a Boo

Here are my knees
They're bending for you
My knees are bending for you
Till I hide them away, I'll hide them away
Till they're ready to come out and say
Peek-a Boo

Here are my toes
They're wiggling for you
My toes are wiggling for you
Till I hide them away, I'll hide them away
Till they're ready to come out and say
Peek-a Boo

I BRUSH MY TEETH

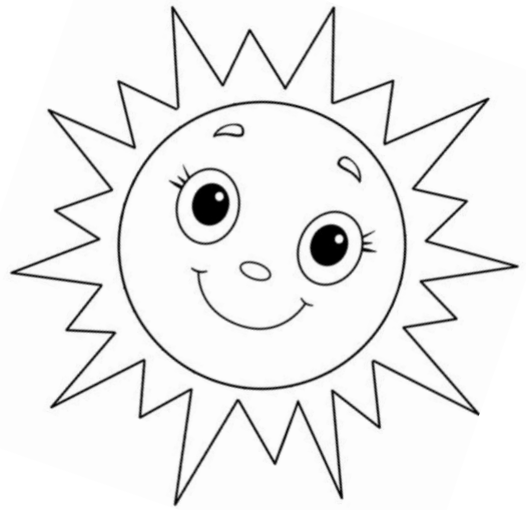

Every morning and every night
I brush my teeth and I do it right
I make a smile and I open wide
So I can reach all the teeth inside

I brush on the top and all around
And around on the bottom too
Way in the back and on each side
So many teeth to do

I brush my teeth and I do it right
To keep them bright and clean and white
Every morning and every night
I brush my teeth and I do it right

I brush on the top and all around
And around on the bottom too
Way in the back and on each side
So many teeth to do

I brush my teeth and I do it right
To keep them bright and clean and white
I brush my teeth every morning and night
I brush my teeth and I do it right

I LOVE MY TEDDY BEAR

I have a very favourite fluffy toy
It's my cuddly teddy bear
He's big and brown and furry soft
He feels like a great big comfy chair

I really love my teddy bear
I can take him everywhere
We can cuddle anywhere
I love my teddy bear

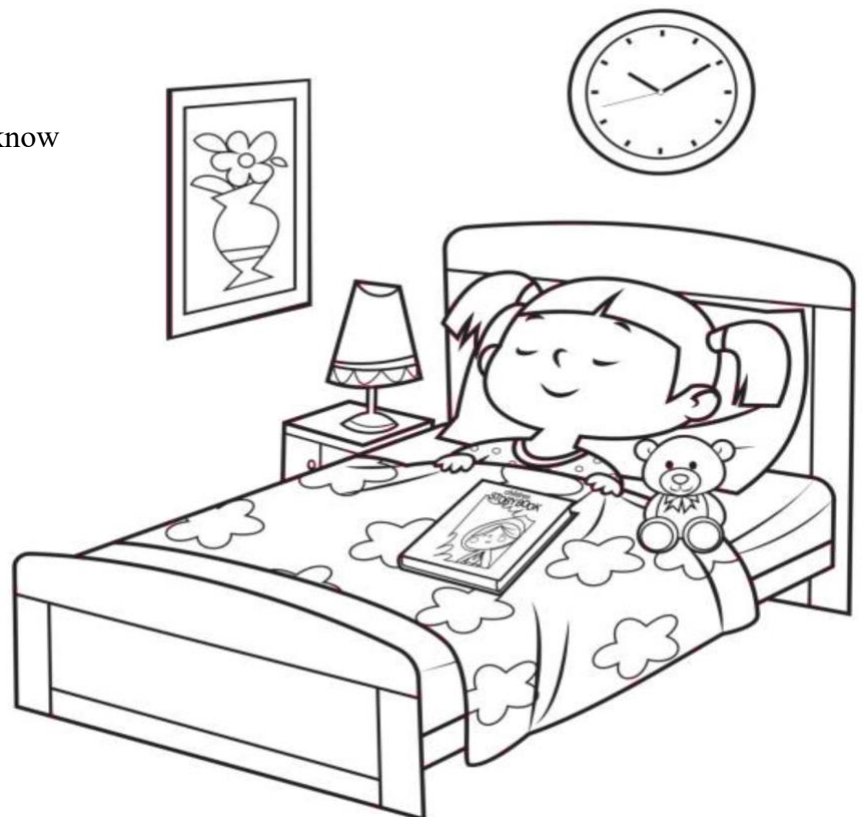

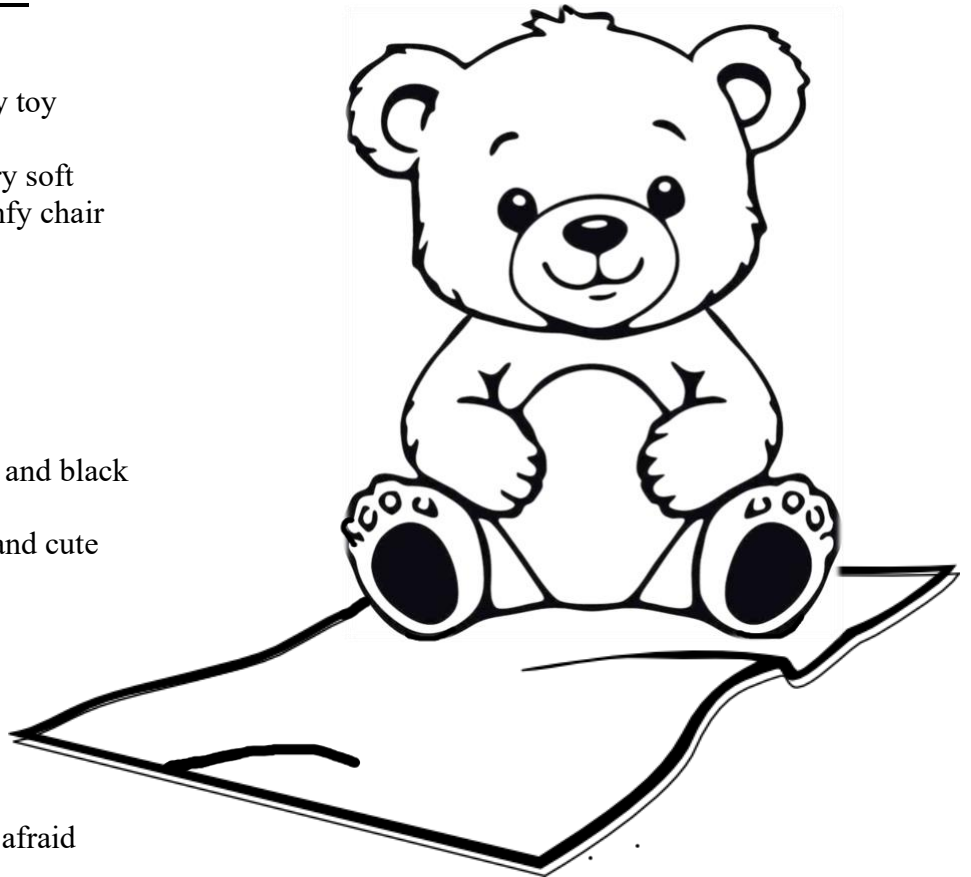

His eyes and nose are round and black
All four paws are strong
His two soft ears are round and cute
And he smiles all day long

I really love my teddy bear
I can take him everywhere
We can cuddle anywhere
I love my teddy bear

He keeps me safe when I'm afraid
He sleeps with me at night
He listens when I talk to him
And he hugs me warm and tight.

When he's alone he's never sad
He naps right on my bed
He has his own blue blanket but I know
He prefers my pillow instead

I really love my teddy bear
I can take him everywhere
We can cuddle anywhere
I love my teddy bear

IT'S ANOTHER WONDERFUL DAY

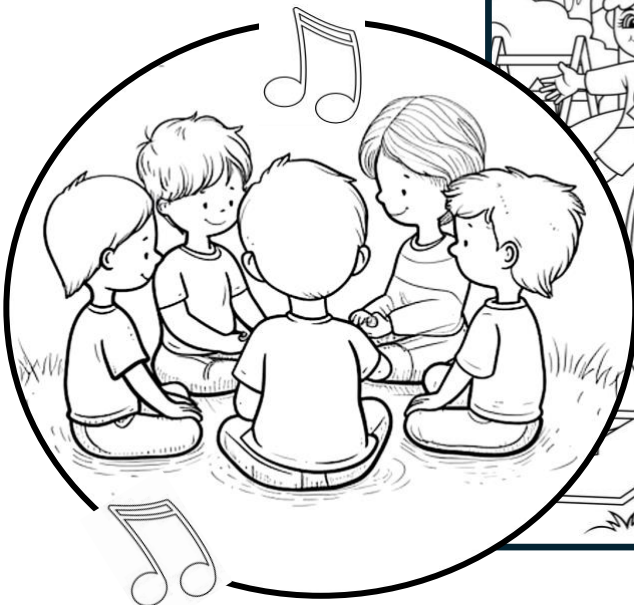

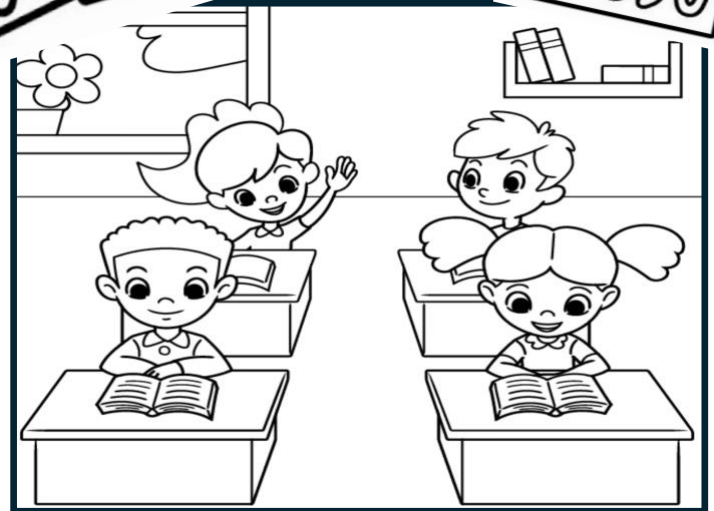

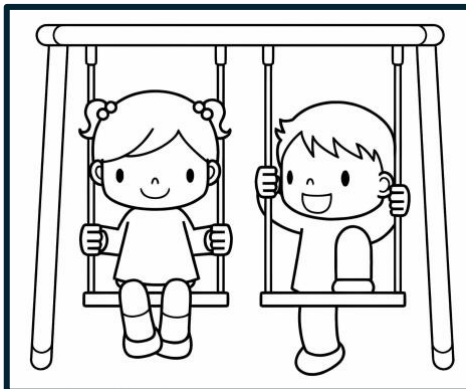

It's another wonderful day, day, day
And we are on our way, way, way
To our school to play, play, play
And learn new things every day, day, day

Reading and writing and drawing and counting
Quiet time and naps
Doing puzzles and crafts and making new friends
And taking a break for snacks

It's another wonderful day, day, day
And we are on our way, way, way
To our school to play, play, play
And learn new things every day, day, day

We move inside and outside
We climb and we swing
We sit in circle to listen or sing
There are so many different things that we do
When we go to school

It's another wonderful day, day, day
And we are on our way, way, way
To our school to play, play, play
And learn new things every day, day, day

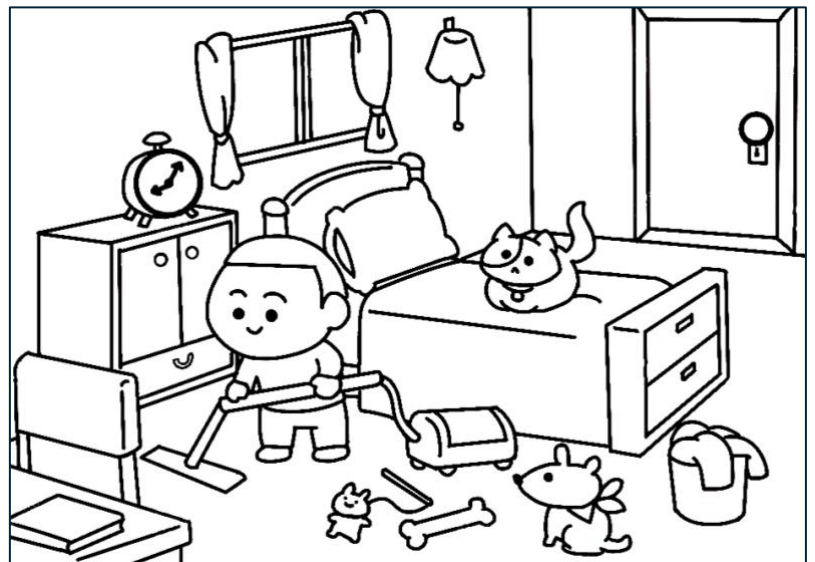

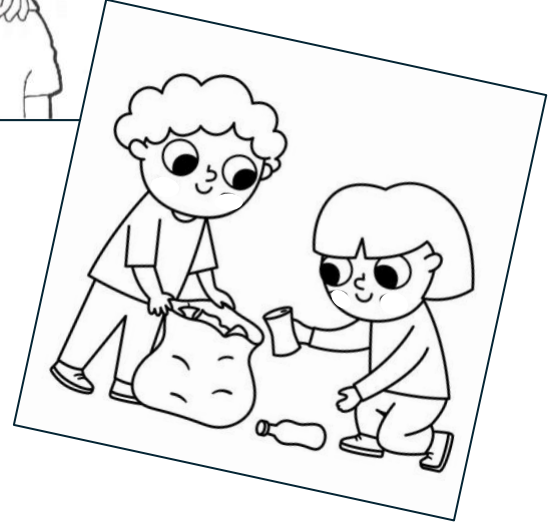

GOOD DEED

I, I, I will try, try, try
To be good and kind
I'll find a way
I'll find a way
To do a good deed every day

I will share my toys with friends who come and play
And when we're done I will pack my toys away
I will always try to be a helper too
And I will ask what I can do for you

I, I, I will try, try, try
To be good and kind
I'll find a way
I'll find a way
To do a good deed every day

SO MANY THINGS TO DO

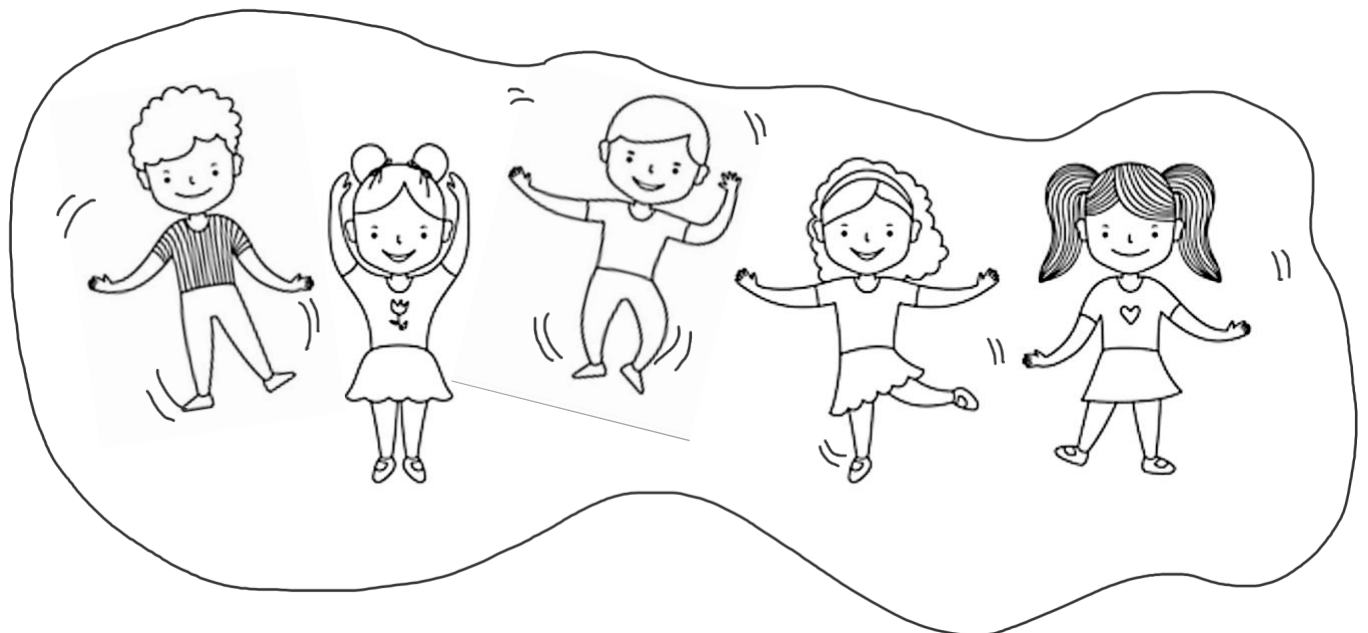

When I come to visit you
There are so many things to do
I just love to be with you
'Cause it's always so much fun

We can sing a song
Will you sing with me?
We can clap our hands, go 1-2-3
We can jump, jump, jump, jump up and down
We can dance together all around

When I come to visit you
There are so many things to do
I just love to be with you
'Cause it's always so much fun

We can draw or read a book
And stomp, stomp, stomp on the floor
We can find a wooden door
And knock on it 1-2-3-4

When I come to visit you
There are so many things to do
I just love to be with you
'Cause it's always so much fun

HAPPY MOTHERS DAY

Here's a Mother's Day wish, wish, wish
With a Happy Mother's Day kiss, kiss, kiss
Here's a Mother's Day hug, hug too
'Cause I love you !

I love and appreciate all you do, do, do for me all the time
I love you, I do, do, do
Mother of mine

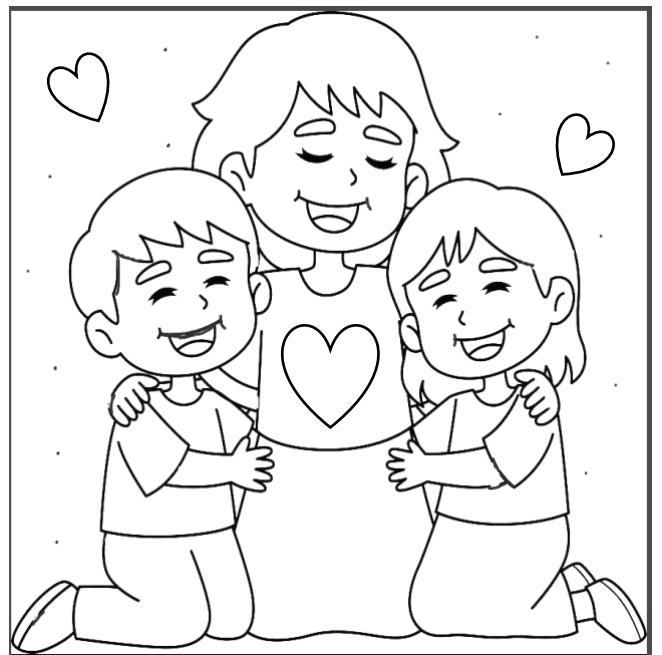

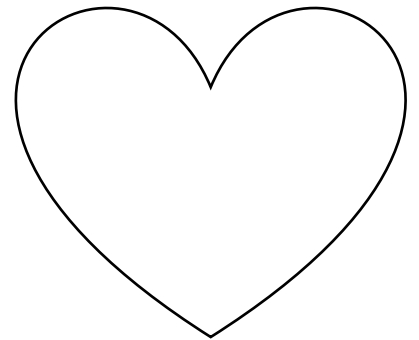

Here's a Mother's Day wish, wish, wish
With a Happy Mother's Day kiss, kiss, kiss
Here's a Mother's Day hug, hug too
'Cause I love you !

I love and appreciate all you do, do, do for me all the time
I love you, I do, do, do
Mother of mine

Here's a Mother's Day wish, wish, wish
With a Happy Mother's Day kiss, kiss, kiss
Here's a Mother's Day hug, hug too
'Cause I love you !

Happy Mother's Day

DO WHAT I DO

When I look in the mirror, what do I see
My reflection, a picture of me
Now you can be my reflection too
If you copy me and you do what I do
Do what I do
Do what I do

Let your fingers wiggle
Let your body jiggle
Clap your hands to the beat
Now stamp your feet

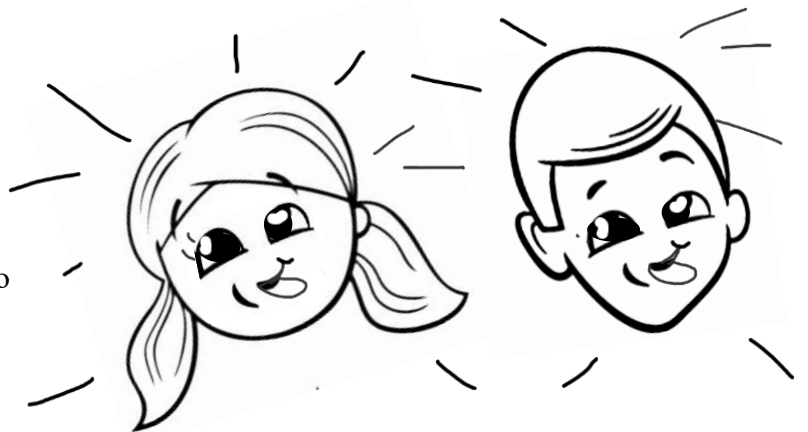

When I look in the mirror, what do I see
My reflection, a picture of me
Now you can be my reflection too
If you copy me and you do what I do
Do what I do
Do what I do

Turn around
Now touch the ground
Make a circle in sky
Now jump up really high

When I look in the mirror, what do I see
My reflection, a picture of me
Now you can be my reflection too
If you copy me and you do what I do
Do what I do
Do what I do

Roll your arms and shake, shake, shake
Make your knees do the quivery quake
Now take up lots and lots of space
Now pull a very funny face

If I ever sing this song again
Would you copy me and sing along again
Would you be my reflection and my echo too
Would you copy me?
Would you do what I do?
Do what I do
Do what I do
