## WE'RE THE JOLLY POPPERS

We're the Jolly Poppers  
And we've come to say hello to you  
Hello, hi,  
We're the Jolly Poppers  
And we've come to show you  
Just what we can do  
We pop tunes and add a beat  
To make folk sing and tap their feet  
You could be a Jolly Popper too  
We pop a quaver here and there  
We pop a crotchet anywhere  
Just to make a melody come through

We're the Jolly Poppers  
And we've come to say hello to you  
Hello, hi  
We're the Jolly Poppers  
And we've come to say that we need you

## JOLLY POP JIVE

Join the jiving Jolly Poppers  
When you hear their song  
Join the Jolly Poppers  
They'll be jamming all night long

So don't put up a fight - It's really alright  
To be hopping and bopping  
To the Jolly Pop jive all night

When you Jolly Pop jive - You turn around  
When you Jolly Pop jive - You leave the ground  
You jiggle to the left - You jiggle to the right  
Come and join the Jolly Poppers  
And jive all night

When you Jolly Pop jive - You feel the vibe  
When you Jolly Pop jive - You feel alive  
Your body moves - Your body grooves  
When you Jolly Pop jive  
Into the night

Join the jiving Jolly Poppers  
When you hear their beat  
Join the Jolly Poppers  
Get up and on your feet  
No, don't put up a fight  
It's really alright  
To be hopping and bopping  
To the Jolly Pop jive all night

When you Jolly Pop jive - You turn around  
When you Jolly Pop jive - You leave the ground  
You jiggle to the left - You jiggle to the right  
Come and join the Jolly Poppers  
And jive all night

When you Jolly Pop jive  
You feel the vibe  
When you Jolly Pop jive  
You feel alive  
Your body moves  
Your body grooves  
When you Jolly Pop jive  
Into the night

## POP POP POP

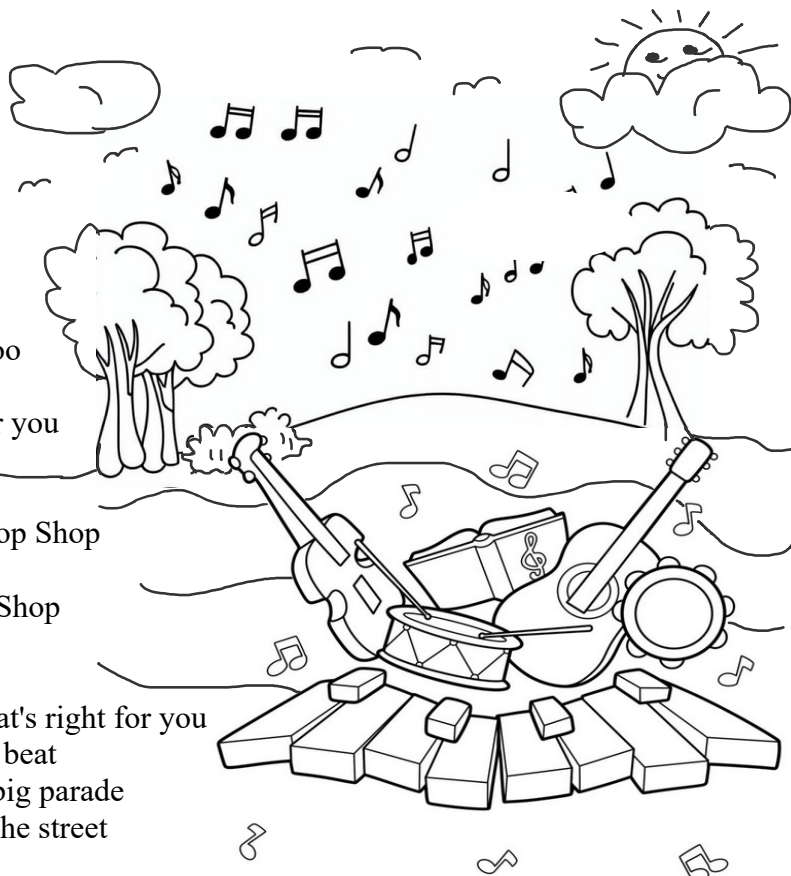

Pop, pop, pop to the Jolly Pop Shop  
Come and take my hand  
Pop, pop, pop to the Jolly Pop Shop  
It's a music wonderland

There are songs to sing and dances too  
There's a great big band and more  
There's a whole lot of fun in store for you  
Like you've never had before

So pop, pop, pop to the Jolly Pop Shop  
Come and take my hand  
Pop, pop, pop to the Jolly Pop Shop  
It's a music wonderland

There's a rhythm there that's right for you  
You can even choose the beat  
And you can play in the big parade  
As they go marching up the street

So pop, pop, pop to the Jolly Pop Shop  
Come and take my hand  
Pop, pop, pop to the Jolly Pop Shop  
It's a music wonderland - It's a music wonderland

## WERE GONNA HAVE A PARTY

We're gonna have a party - What a treat  
We're gonna have a party with lots to eat  
There'll be pizza and popcorn - Coffee and tea  
Soda, hot chocolate - And ice cream for me

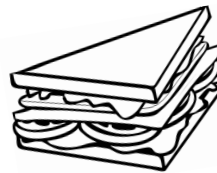

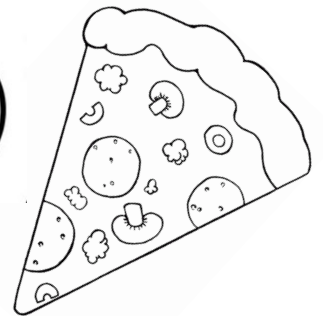

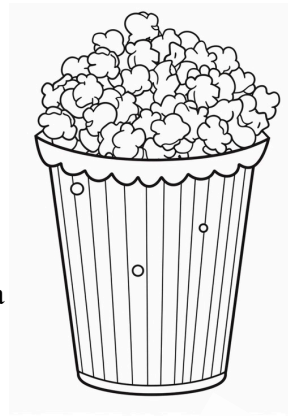

We're gonna have a party - What a treat  
We're gonna have a party with lots to eat  
There'll be cupcakes with fixings - And sandwiches too  
Birthday cake and candy - For me and for you  
We're gonna have a party - What a treat

And when the eating's done - We'll still have lots of fun  
We'll be playing games and dancing - With everyone

We're gonna have a party - With a musical beat  
We're gonna have a party - Put on your dancing feet

We're gonna have a party - What a treat  
We're gonna have a party - With a swinging beat  
We're gonna have a party - What a treat

Yeah !

## WONDERS OF NATURE

Find me a place somewhere in space  
I'll float on the powerful wind in the air  
Then set me down on earthly ground  
And you'll find me everywhere

Let me soak in the sun with everyone  
Let the flames of the fire warm me  
As the waterfall flows to the river that knows  
The way to the deep blue sea

The wonders of nature are everywhere - In water, in space, on earth, in fire and air  
The wonders of nature are everywhere - It's the power of life that we share

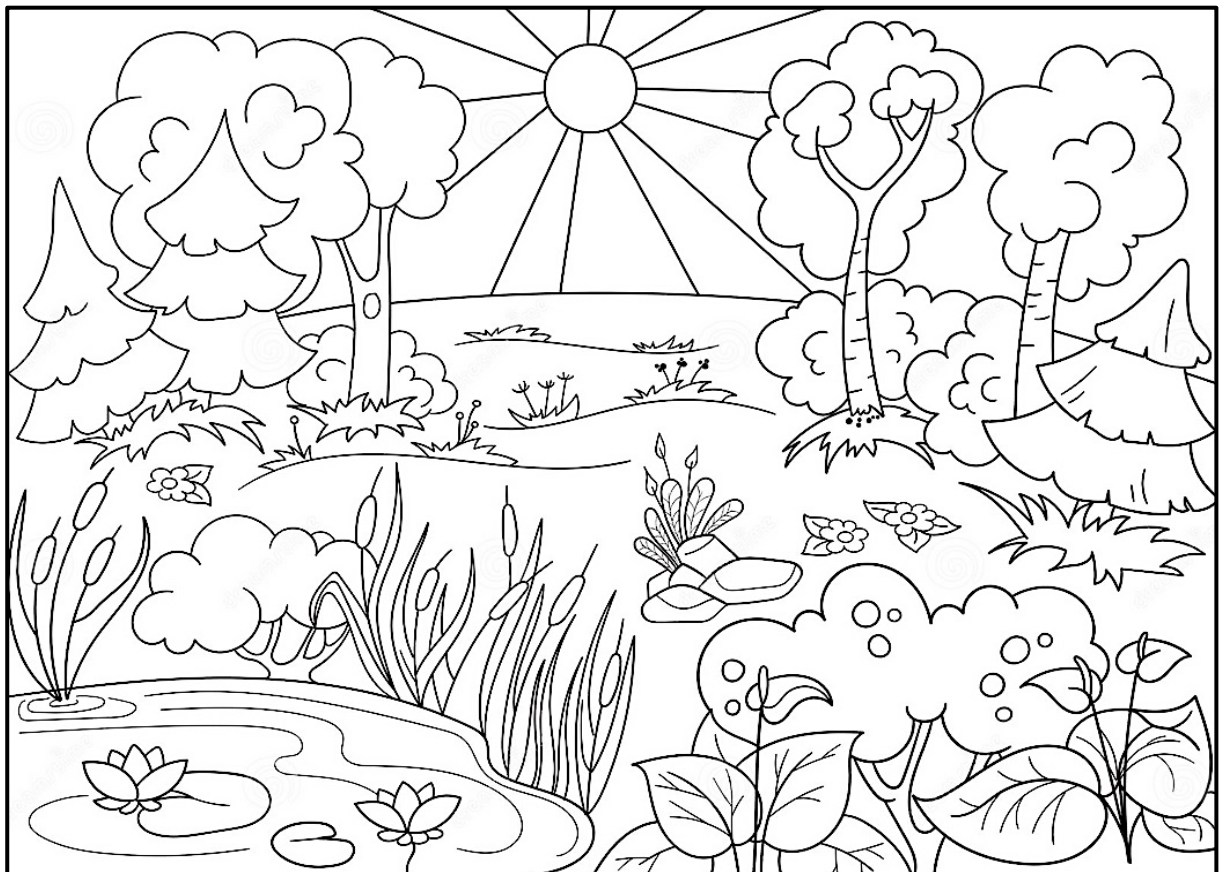

Come away with me and soon you will see  
That the magical garden of life can be more than it seems  
For it holds our dreams and the key to set us free

If you open your mind, you'll easily find the splendour in all that surrounds you  
When each of us cares enough to share in our world, it will astound you

The wonders of nature are everywhere - In water, in space, on earth, in fire and air  
The wonders of nature are everywhere - It's the power of life that we share

The wonders of nature are everywhere - In water, in space, on earth, in fire and air  
The wonders of nature are everywhere - It's the power of life that we share  
The wonders of nature are everywhere - For everyone to share with everyone everywhere

## VERY BEST FRIENDS

Whenever you're with me  
I'm as happy as can be  
'Cause you're my very, very best friend  
Whenever you are near  
There is nothing that I fear  
'Cause you're my very, very best friend

It feels as good as it ever could  
When best friends get together  
I hope and pray that we always stay  
The best of friends forever

When you get something new  
Who do you show it to?  
Of course, your very, very best friend  
It's fun when you can share  
With someone that you care for  
Like your very, very best friend.

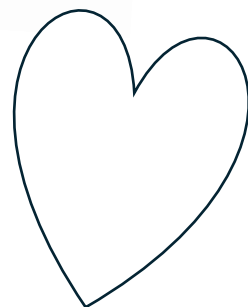

'Cause they're more fun than anyone - I've been with in a while  
'Cause best friends bring you everything you need to make you smile

When you're feeling sad, it never seems that bad  
When you're with your very best friend  
They'll keep your secrets well - They will never ever tell

'Cause they're more fun than anyone - I've been with in a while  
'Cause best friends bring you everything you need to make you smile

It's a special day whenever you come and play - 'Cause you're my very, very best friend  
So whenever I can I do, whatever I can with you - 'Cause you're my very, very best friend

It feels as good as it ever could when best friends get together  
I hope and pray that we always stay the best of friends forever  
The very, very best of friends

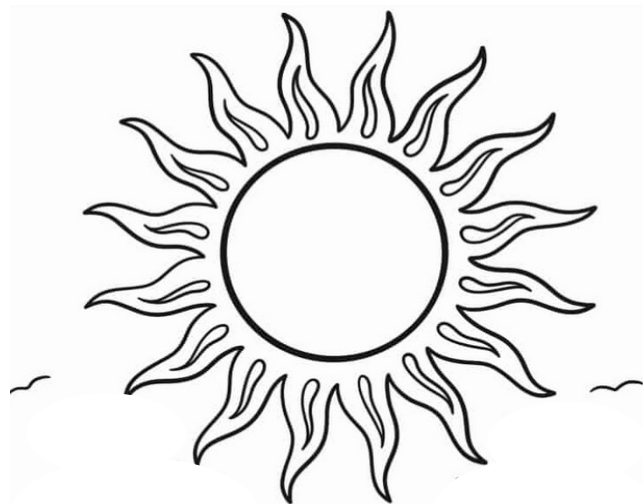

## FIRE

Fire burning hot, hot, hot  
Fire burning bright  
Fire keeps me very warm  
Fire gives me light

Flames are dancing all around the sun  
They're jumping in the campfire  
Having lots of fun  
Orange, red and yellow flames  
Blue and even white

Fire burning hot, hot, hot  
Fire burning bright  
Fire keeps me very warm  
Fire gives me light

Flames are dancing all around the sun  
They're jumping in the campfire  
Having lots of fun  
Orange, red and yellow flames  
Blue and even white  
Oh how they glow in their show of light

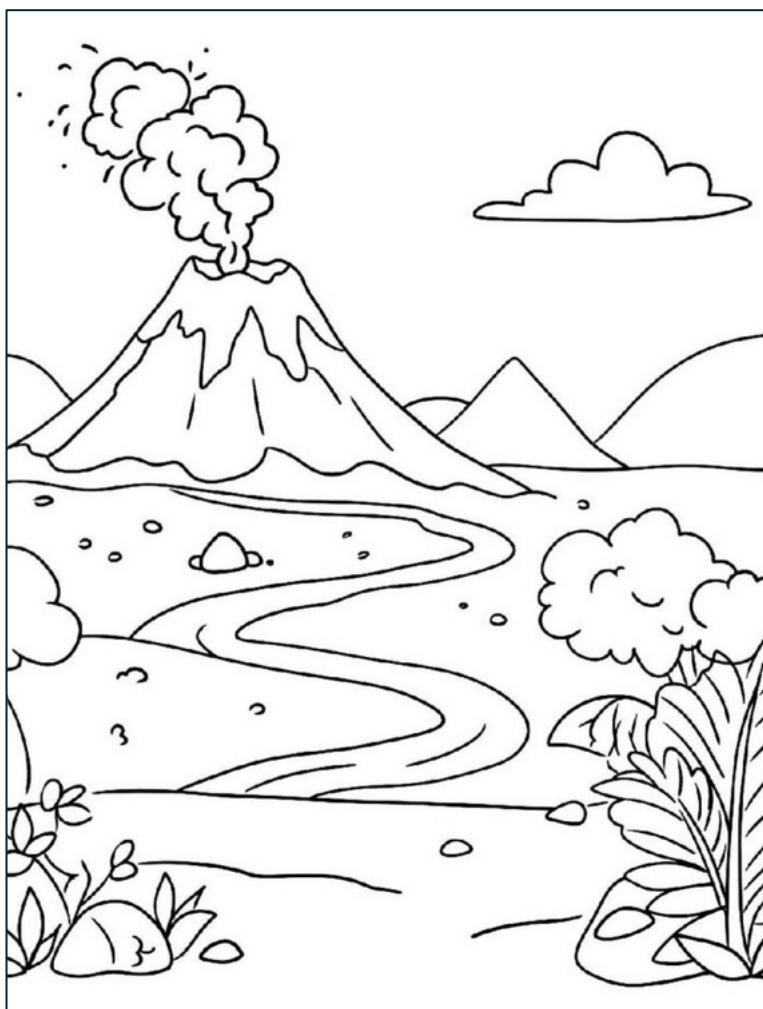

## SAY HELLO TO THE VOLCANO

Rumble, rumble  
I hear the earth grumble  
The ground is starting to shake  
Rumble, rumble  
I hear the earth grumble  
The ground is starting to break  
The waves on the sea look bigger to me  
Now I know what to do  
Excuse the interruption  
It's time for the eruption  
Of you know who

So let's say hello to the volcano  
The mountain with the hole on top  
When it bursts  
The lava spurts  
And rolls down till it stops

Did you say hello to the volcano  
The mountain with the hole on top  
When it bursts  
The lava spurts  
And rolls down till it stops

## YOU AND I

Show your neighbor that you care  
Teach your children how to share  
Show them how to live  
How to love, how to give  
Teach them what is right, just and fair

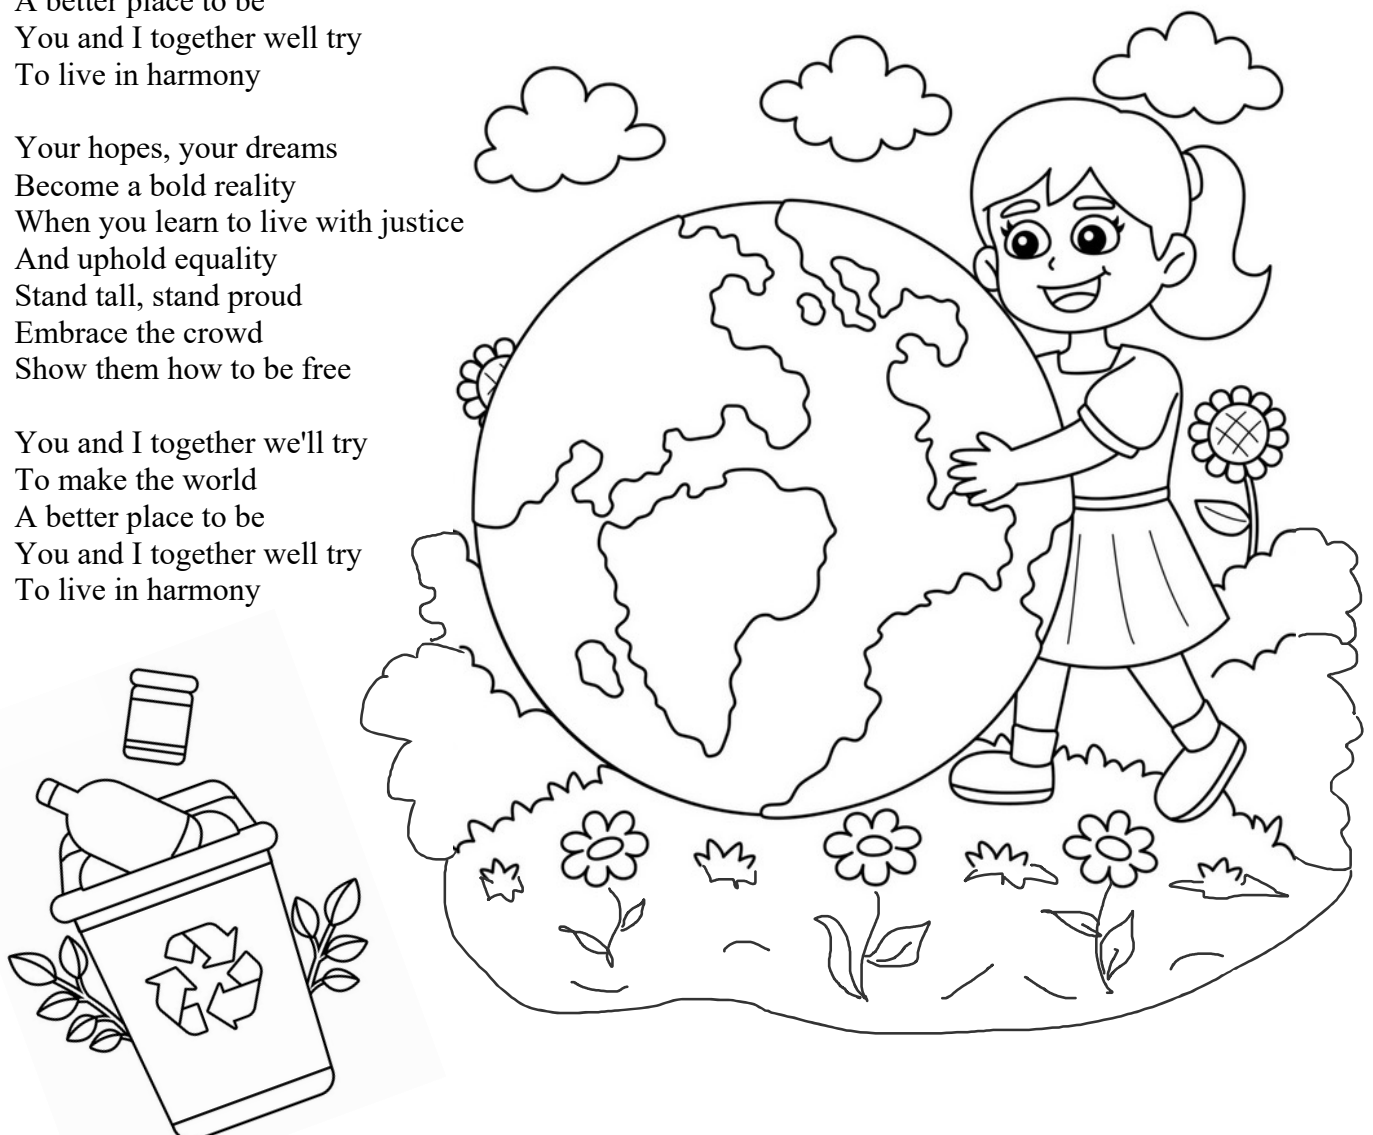

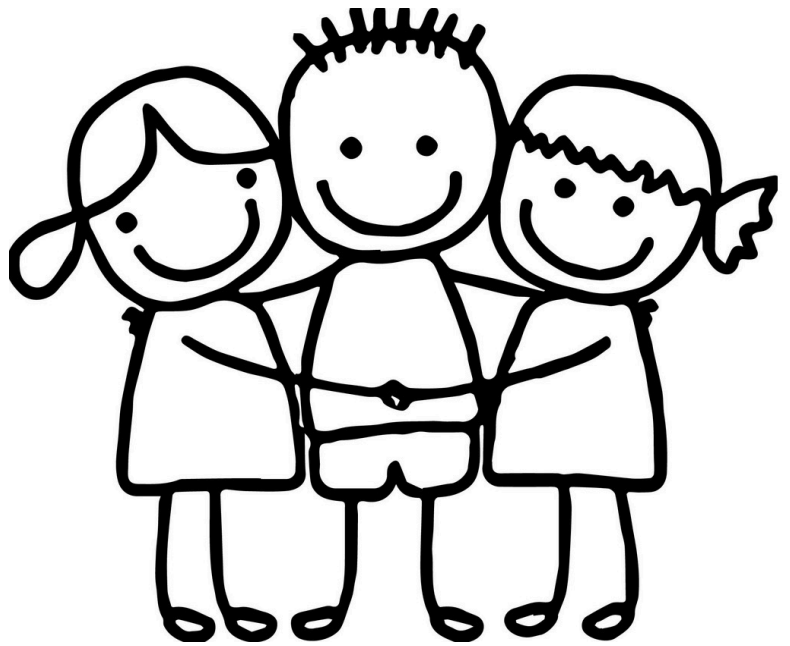

You and I together we'll try  
To make the world  
A better place to be  
You and I together well try  
To live in harmony

Learn to love and not to hate  
We must all pull our weight  
We must find the solution  
To war and pollution  
Show the world it's not too late

You and I together we'll try  
To make the world  
A better place to be  
You and I together well try  
To live in harmony

Your hopes, your dreams  
Become a bold reality  
When you learn to live with justice  
And uphold equality  
Stand tall, stand proud  
Embrace the crowd  
Show them how to be free

You and I together we'll try  
To make the world  
A better place to be  
You and I together well try  
To live in harmony

## DOING THE PUMPKIN STARE

Come October, what do I see? - Pumpkin faces looking at me  
Everywhere I go I see - Pumpkin faces looking at me

In the windows, on the doors - Hanging from the ceiling  
Sitting on the floors - Inside, outside, everywhere - Doing the pumpkin stare

Every evening what do I see? - Pumpkin faces grinning at me  
In shades of orange, big and bright - Glowing in their candlelight

In the windows, on the doors - Hanging from the ceiling  
Sitting on the floors - Inside, outside, everywhere - Doing the pumpkin stare

Pumpkins have their uses throughout the year  
It's a tasty vegetable, this is clear  
But come October, and what do you know - The big old pumpkin's also on show

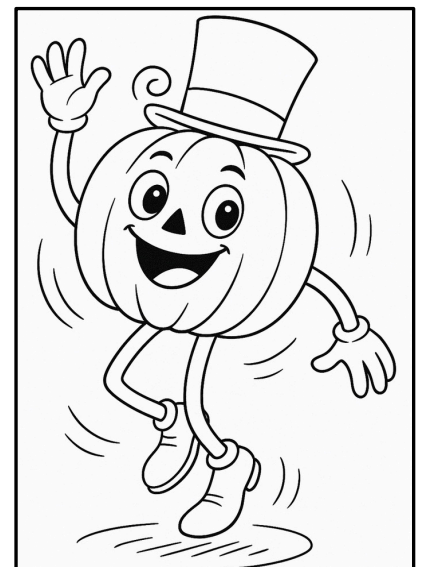

In the windows, on the doors - Hanging from the ceiling  
Sitting on the floors - Inside, outside, everywhere - Doing the pumpkin stare

They come in different sizes and dimensions  
From the store, or home inventions  
Paper pumpkins, fabric too - Plastic pumpkins and those that really grew

You get pumpkin bags both big and small - Stuffed with candy or leaves that fall  
There is such variety in every pumpkin that I see

In the windows, on the doors - Hanging from the ceiling  
Sitting on the floors - Inside, outside, everywhere - Doing the pumpkin stare

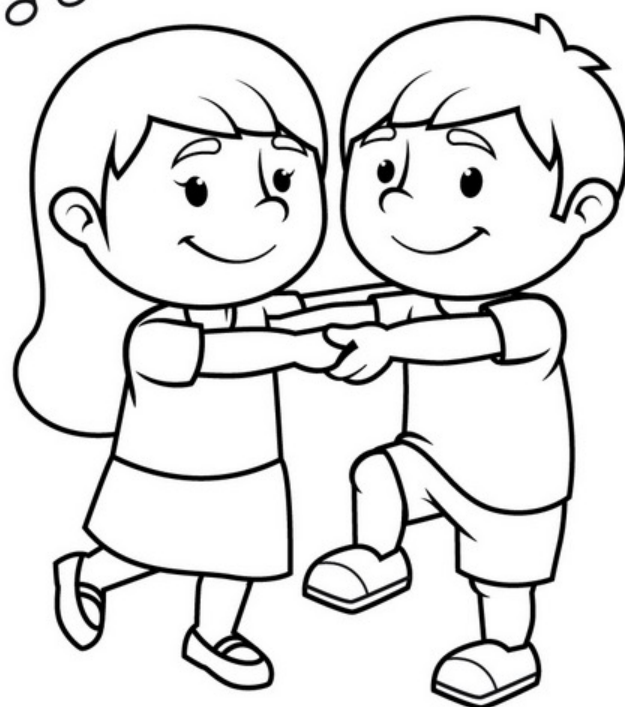

## WE CAN ALL SING A SONG

Would you care to stay a while  
To make somebody smile - 'Cause here I am sitting on my own  
Would you care to stay around  
'Cause I have often found that it's sure no fun to be singing all alone

We can all sing a song - We can all sing along  
To the tune of a simple melody  
Clap your hands to the beat - Move your body, tap your feet  
Don't be shy just sing along with me

Would you care to take a chance  
And let me have this dance  
Watch this heel-toe-tap shoe shuffle on the floor  
Well I know you will agree, that a song and dance can be  
What it takes to make you feel better than you did before

We can all sing a song - We can all sing along  
To the tune of a simple melody  
Clap your hands to the beat - Move your body, tap your feet  
Don't be shy just sing along with me  
Come on, don't be shy  
Just sing along with me

## STAGELIGHT

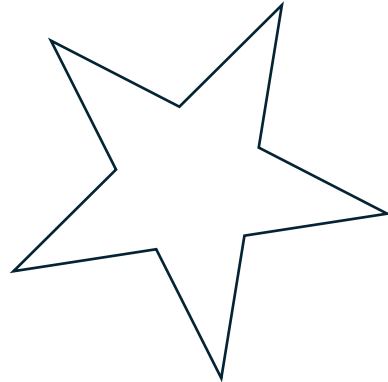

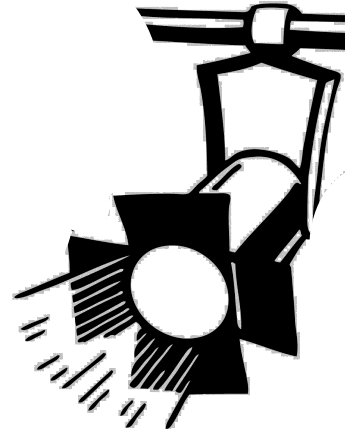

I know you think I'm young to be a star  
But not if it won't change who we really are  
I just want a chance - To act and sing and dance  
'Cause I love to entertain

Stage light, burning bright - Shine on me  
There you are - Here's your star  
I'll do fine, you'll see

It takes time and practice 'till you've earned  
Your turn to show off everything you've learned  
But it's always worth the pain  
'Cause there's always lots to gain - I love to entertain

Stage light, burning bright - Shine on me  
There you are - Here's your star  
I'll do fine, you'll see

I'll be the best that I can be  
If the stage light, burning bright  
Shines it's light on me ... Shine on me
